Subject: Accreditation status of programs applied by Government College of Engineering, Bargur, Madhepalli Village, Bargur-635104, Krishnagiri District-Dharmapuri-Tamil Nadu.

Sir,

This has reference to your application I.D. No. 9276-24/06/2024 seeking accreditation by National Board of Accreditation (NBA) to UG Engineering programs in Tier I applied by **Government College of Engineering, Bargur, Madhepalli Village, Bargur-635104, Krishnagiri District-Dharmapuri-Tamil Nadu.**

2. An Expert Team conducted onsite evaluation of the programs from 29th November to 1st December, 2024. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No.	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Mechanical Engineering	Tier I January 2016 Document	Accredited	Academic Years 2024-2025 to 2026-2027 i.e. upto 30-06-2027	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the Competent Authority, whichever is earlier
2.	Electrical & Electronics Engineering		Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **Government College of Engineering, Bargur, Madhepalli Village, Bargur-635104, Krishnagiri District-Dharmapuri-Tamil Nadu** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

5. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

Contd./..

6. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

7. A scanned copy each of the Report of Chairperson of the Visiting Team and Evaluators' reports in respect of the above programs can be seen by the Institute at the tab-Accreditation Reports on the Institute's eNBA dashboard.

8. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication on eNBA portal alongwith Report of the Expert Team, giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)
Member Secretary

SMART INDIA HACKATHON 2024 – INTERNAL HACKATHON REPORT

The Ministry of Education's Innovation Cell (MIC) in coordination with All India Council for Technical Education (AICTE) has launched Smart India Hackathon (SIH) 2024. Smart India Hackathon (SIH) is a premier nationwide initiative designed to engage students in solving some of the most pressing challenges faced in everyday life. Launched to foster a culture of innovation and practical problem-solving, SIH provides a dynamic platform for students to develop and showcase their creative solutions to real-world problems. By encouraging participants to think critically and innovatively, the hackathon aims to bridge the gap between academic knowledge and practical application.

Since its inception, SIH has garnered significant success in promoting out-of-the-box thinking among young minds, particularly engineering students from across India. Each edition has built on the previous one, refining its approach and expanding its impact. The hackathon not only offers students an opportunity to showcase their skills but also encourages collaboration with industry experts, government agencies, and other stakeholders.

SIH 2024 focuses on software and hardware approaches to develop innovative solutions against the challenges faced by India's governing agencies including Ministries, Departments and PSUs as well as various private organizations. Students can choose the problems of their interest (Hardware/Software) listed in www.sih.gov.in. Followed by that, the Internal Hackathon was conducted at an Institution Level. The same was conducted at CSE Final-Year classroom (CS-106) at 10.30 a.m on 11.09.2024. Five teams had participated and presented their ideas for the problem statements of their interest. Ideas had been scrutinized and finalized for uploading and registering their teams in SIH2024 Web Portal.
