

**ABOUT THE INSTITUTION:**

Government College of Engineering (GCE) is spread over a sprawling campus with calm surroundings, creating a fitting atmosphere for study. GCE provides a clean and invigorating environment conducive for higher education. Government College of Engineering, Bargur is one of the educational institutions developed by Government of Tamilnadu, which was started in the year 1994 to cater to the needs of the nation in the development of technocrats and to provide facilities for educating and training men and women to meet the entrepreneurial and management needs. The Tamilnadu Government has created adequate infrastructural facilities and sufficient funds and is keen on developing the institute for

**ABOUT THE DEPARTMENT:**

Department of Computer Science and Engineering had been started in the year 2004. It proves to be a repository of innovative ideas. To improve the efficiency of the students the department provides well equipped laboratories with the latest versions of software. For research activities the department has modernized with cloud computing and robotics laboratories.

**CONFERENCE THEME:**

The National Conference on Emerging Trends in Advanced Computing and Communication ( ETACC'19 ) promises to address current state of the technology and the outcome of the ongoing research in the area of advance computing and communication. Computer and communication has immensely enhanced the level of information acquisition, retrieval and processing. ETACC'19 would offer a forum to the academicians, researchers and students to interact with experts in the area and to learn the recent knowledge in advance computing and communication.
