G. Twinning Activities	1.00	30	0.30
*The grade for each parameter is calculated based on the average of all sub-parameters.	Total Score		1.44

Remarks:

BOG needs to be effective in approvals for faculty development and for implementation of reforms in academic and administrative decisions like approving faculty participations for international exposure through seminars and conferences. twinning activities from the institute needs more focus for BBEC developments like students and faculty should be invited in GECB for learning and conferences etc. The procurement should be strictly as per PMSS as few items need shopping through PMS but advertised. faculty development programmes and research activities are not significant so need more focus for publications and lab refurbishments with advanced software's needs to be procured as per curriculum revisions. training and placement and career workshops needs to be focused. fund utilization plans are in pipeline so needs speedy execution. twinning consultancy activities needs focus
